

**AMENDMENTS TO THE CLAIMS**

1.-29. (Canceled)

30. **(Original)** An isolated molecular complex comprising a Toll-like receptor, a Toll-like receptor agonist and Cpn10.

31. **(Original)** The isolated molecular complex of Claim 30, wherein the Toll-like receptor is selected from the group consisting of TLR2 and TLR4.

32. **(Original)** The isolated molecular complex of Claim 31, wherein Toll-like receptor is TLR4 and the agonist is LPS.

33. **(Original)** The isolated molecular complex of Claim 31, wherein the Toll-like receptor is TLR2 and the agonist is a lipopeptide.

34.-39. (Canceled)
